

Shiprocket IPO — Price Data Summary

Important correction:

The earlier statement that the listing price was ₹163 was incorrect.

Verified figures:

- Pre-IPO/private transaction price: ₹163.14 per share (reported in Shiprocket's IPO disclosure for certain pre-IPO transactions, adjusted for the later bonus issue).
- IPO price band: ₹92–₹97 per share.
- Final IPO issue price: ₹97 per share.
- Listing date: 19 August 2026.
- NSE listing/opening price: ₹131 per share.
- BSE listing/opening price: ₹129 per share.

Therefore:

Pre-IPO/private transaction price = ₹163.14

IPO issue price = ₹97

NSE listing price = ₹131

BSE listing price = ₹129

Note:

₹163.14 and ₹163 should NOT be treated as the Shiprocket listing price. ₹163.14 refers to disclosed private/pre-IPO transactions, while the actual stock-market debut was ₹131 on NSE and ₹129 on BSE.
